GOVERNOR KEHOE ANNOUNCES LAUNCH OF MISSOURI BLUE SHIELD PROGRAM TO RECOGNIZE COMMUNITIES DEDICATED TO EFFECTIVE LAW ENFORCEMENT AND COMMUNITY SAFETY

MARCH 5, 2025

JEFFERSON CITY — Today, Governor Mike Kehoe announced Missouri counties, towns, and cities can now apply for Missouri Blue Shield designation, recognizing their commitment to enhancing public safety, strengthening support for law enforcement, and building sustainable public safety partnerships.

The Blue Shield Program, as outlined in **Executive Order 25-03**, (<https://www.sos.mo.gov/library/reference/orders/2025/eo3>) is part of the Governor's **Safer Missouri** (<https://dps.mo.gov/safer-missouri/>) initiative announced on his first day in office. Achieving the Blue Shield designation allows communities to access state grants for law enforcement training and equipment.

"Improving public safety is the top priority of our administration, and Missouri communities that are making public safety and support of law enforcement a priority should be recognized," **Governor Kehoe** said. "We urge Missouri communities to apply for the Blue Shield designation to spread the word about the safer communities they're building. We will continue to work with the General Assembly to make \$10 million in grant funding for law enforcement training and equipment available to Blue Shield communities."

The Missouri Department of Public Safety (DPS) is administering the Blue Shield Program. Applications should be made by an official from the jurisdictions seeking the Blue Shield designation in coordination with the jurisdiction's chief law enforcement officer. Applications and all supporting materials should be submitted online at **this link** (https://moexperience.qualtrics.com/jfe/form/SV_3Vp2OpWZ2XkfefQ).

DPS will review applications and begin making determinations on Blue Shield designations for counties, cities, and towns within two weeks of application submission. DPS encourages communities to apply early, because if grant funding is approved by the General Assembly, the department will begin accepting grant applications in July, when the fiscal year 2026 funding becomes available. Questions on the application process can be directed to Courtney Kawelaske, Courtney.Kawelaske@dps.mo.gov (mailto:Courtney.Kawelaske@dps.mo.gov).

Among the Blue Shield designation eligibility criteria are:

- Passage of a resolution demonstrating a commitment to public safety, including to reduce violent crime within the jurisdiction;
- Extraordinary investments in public safety funding;
- Community policing initiatives or local partnerships to invest in and/or improve public safety;
- Law enforcement officer recruitment and retention program;
- Demonstrated effectiveness in reducing crime or innovative programs that attempt to reduce crime;
- Participates in regional anti-crime task forces, or a commitment to be a willing partner with these in the future; and
- Compliance with Missouri crime reporting and traffic stop data requirements and other related statutes.

Blue Shield counties, cities, and towns must maintain their commitments each year to retain the Blue Shield designation via annual reporting on their ongoing efforts to support public safety to DPS. Once local governments are approved for a Blue Shield designation, they will receive a public relations toolkit to showcase their community's commitment to public safety.

Subject: Response for Agenda addition

Christy,

Yes, I agree it should be approved by Council and added after the Mayors Report, City Administrators Report and should read: Councilmembers Reports.

Purpose would be for members to report on various items within their wards, items of interest that has come about between council meetings or just concerned items a member wants the council to discuss.

The items would not be anything that would require a vote or action at that time so as to be within the sunshine law, and if that item has a questionable concern, the city attorney will notify the member to stop conversation relating to that matter.

I've noticed this on other meeting agendas and feel it should be a part of ours. We've gotten locked in on a pattern over the years and maybe it's time for a change. The council can add new standing or recurring agenda items at any time but has not been a mad rush with requests. This is basically the one section I've noticed on other agendas that should be considered.

The items discussed could at that point could be directed to a committee if needed.

Gary Mount
